No. 16. STOCKPORT \& SOUTH MANCHESTER CAMRA'S PUB NEWISHEET. AUGUST 1985. FREE.

## THE SINKING OF

## SIMPKI S S:

The latest bout of Brewery takeovers
continued in July when Greenall Whitley took over the small West Midlands Brewery of J.P.Simpkiss and promptly closed it down (last day of operations being July l2th.)
The 16 pubs will now be supplied by Greenalls subsidiary, Shrewsbury \& Wem, which at least produces a raigge of 4 cask beers, some of which go into all of their houses. (Unlike the policy of our friends in Warrington who have now started selling keg beer from fake handpumps - the Elizabethan on Heaton Moor Road being a local offender)
Simpkiss's own distinctive and truly local beers are now a thing of the past along with 20 jobs as all the Brewery staff have been thrown out of work, including head brewer John Simmonds who has now had 2 breweries close under him in as many years. It seems that to some all that Greenall Whitley land means is the Dole Queue, remember that next time you're in one of their pubs.
The latest news is that the former brewery is to be demolished to extend the car park of the former Brewery tap.
John Clarke.

## PUB OF THE

MONT.H2

Stockport \& South Manchester CAMRAS' Pub of the Month for August has been awarded to the Castlewood, Bridge Street Brow, Market, Stockport.
Tenanted by Don \& Ailine Cleary for the past two years, the Castlewood serves an excellent pint of handpumped Wilsons Mild \& Bitter and the pub has plenty of character \& atmosphere, being on two levels an one of Stockports' steepest streets!
Recently tastefully redecorated and refurbished, the pub offers a good range of excellent food six days a week in the 'upstairs' room which is also available for functions.
With a wide range of activities from quizes to cavers and the 18+ the Castlewood is a worthy winner.
Prsentation night is on Thursday, August 22nd.

## The Scottish Highlandse

Unfortunately, the majestic and magnifident scenic splendour of the Scottish Highlands is almost without exception infested with some of the most insipid, iminspiring, boring $B R$ Buffet-type licensed premises in the known universed However, cask-conditioned beer is gradually becoming more widely available, albeit incredibly slowly outside of Glasgow \& Edinburgh.
Nonetheless, anyone who intenis to spend a holiday in the Highland Region in the next few months might benefit from the following list of real ale outlets which were visited this summer.
ONICH (Near Fort William - visited $23 / 6 / 85$ )

Used to bottle 'draught' No. 3 underneath the pub until 1958. A mustd d
McEwans 80/- (A) 83p - good.
Youngers No. 3 (A) - 83p - excellent. Marine Bar (Old Town harbour area)
Closed at the time of my visit but outside windows with stickers claiming cask conditioned McEwans 80/- \& Youngers NO. 3.
ISLE OF SKYE - Portree $(1 / 7 / 85)$
Caledonian Hotel (Wentworth Street)
Upstairs, young peoples bar with prominent juke box.
Herriots 80/-(H) 80p-warm but reasorable
INVERGARRY (2/7/85)
Inn on the Garry - Main Road A87. Attractive sandstone exterior with disappointing bistro bar at side. Arrolls 70/- (?) - not available. Burton Ale (H) - 93 p warm but reasonable flavour.

It should be fairly obvious to most people intending to visit these pubs that they should line their pockets with a consderable wad of notes befor* embarking on this 1,600 mile pub crawld

Those wishing further information on additional real ale outlets north of the border should consult "Real Ale in Scotland", published by the Scottish Branches of CAMRA.

## NEWS FROM HAZEL GROVE

The Rising Sun, a Pennine Host pub, has recently undergone internal alterations which, believe it or not, actually imroves the appearance of the pub. A small dining room has been extended further into the pub by utilising a corridor which was previously unused. One can only hope that Pennine don't decide to convert it into one of their theme pubs in a couple of years time!
The bad news, though, is that the mild is now kee.

The Horse and Tockey, wilsons, now also sells keg mild.

The alterations to the Bird in Hand, Robinsons, have eventually been completed and although the outcome is the usual blend, boring identikit pub, it must be looked upon as a vast improvement.

The Fallowfield, Fal owfield (surprise, surprise) now sells Wilsons Handpumped mild alongside the bitter.

> The Ducie Arms on Plymouth Grove, Longsight, will hopefully be selling cask Chesters Bitter on handpump by the time we go to print.

## Kinling on the A6

The Bar of the refurbished Rudyard Hotel on the main drag through Heaton Chapel now sells Handpumped Stones Bitter ( 78 p \& the only real Stones in our area) and Bass (82p). The typical Big Six upmarket interior does its best to live up to the exterior colonnades - not most peoples' idea of a down-to-earth local, but a welcome new real ale outlet nevertheless.

Marie O'Leary of the Seven Stars, Holts, on Ashton OId Road, retired in mid-July. The tenancy has been advertised but in the meantime a relief manager is in charge.
Marie and family will be much missed in thecdistrict - it was their hard work and dedication that improved a formerly run-down pub to a standard that brought a richly deserved Pub of the Month Award in February ' 85 and selection for the next edition of CAMRA's National Good Beer Guide.
We understand Marie will be returning to her 'home territory' of Heaton Mersey so, while hoping to bump into her over a pint at the Griffin, CAMRA extends sincere good wishes for a happy and well-earned retirement.

## ON THE RTGHT IINES?

A reliable source tells us that the Railway, Pottery Lane, opposite Ashburys Station, should soon be selling Boddingtins Bitter. Probably not by the time you read this, since some cellar work needs to be done, but itill be good to see real ale return to this former Bass (and earlier Openshaw Brewery) tied house which sold cask Bass beers until 1980 or so.

## VIVE LA LONGSIGHT:

You just can't keep the Longsight out of the news! Latest wheeze, in midJuly, was a French Fortnight (to celebrat Bastille Day?), which saw the barmaids resplendent in red berets and a menu boasting such delights as 'Cotelettes de Porc Poivrade a la Creme'. Perhaps more to the point, the beer maintained it's usual good form for the festivities.

## TERMINATED SHORT

Pennine Hosts Railway, Didsbury Road, Heaton Mersey, appears to have lost the handpumped Websters Bitter it re-opened with, leaving handpumped Wilsons Bitter at $70 p$ as the only real ale.

## THE PIOUGH - AN APOLOGY.

In our last issue we reported that the Plough, Shaw Heath (Wilsons) was to reopen after alterations with keg only beers.
We are advised by the licensee that this
is not the case and that after cellar improvements Cask Wilsons Beers will be available. Full report next month -
and our apologies for this error.

## AROUND IN THE TOWN - Mongsight and Levensnulme.

What follows is not intended to be a statement of the quality of thamiss or beer on all oocasions, hut ds own opiniod of both on the night of the crami.
This was dofinitely a crewl which degenerated tbrolghout its duration. A fine early stant vas node at Gm at the Longsight. Wuch has alreedy been said of this piace, 1 ins oniy fault seems to be the fact that 1 t's naw! $\pm t$ 6-30 the eam starters jotned the craml pooper at thw Wagon \& Howsen. The beer was a gocd average in the lame Hosts mon, It would sees to be ziog for 'twentmoat', The managers from the modray have recently moved here and thens pile of Pem ies certificate jis on the wall, so don t worry you're not in the wrong pais? A quick check in the Ducje estoblitshed that Chesters Eitter was to be on by Wednesday of Thursday, 5tho/6th. Julyo Thenoon to the Day Horse, a modern Bodde pub. The beer was good, the pub uninspiring.
The Crown came next, yet another Host house this time blessed with a "Take $2^{\prime \prime}$ illuminated eign above the bar which was totaliy out of keeping with the pub. The beor was good, but nothing to write home aboute The Garrett was eagerly looked fomwand to by all present, its most notable tcature being the mrice of the Drans (Holts' for the uninitiated!) The beer was G. $\mathrm{K}_{\mathrm{o}}$, in fact one of cur number wared tyaiad on its excellence, I suppose no ons's perfect: We met with an uninteresting sight here, a white 'cow' that bas to be secn to be believed Those laztest anonget us cadered a liftt to the next stop, the Polygon, a bitter coly Bordies pub. A quiet, comfortable pub with reasonable beer.
The return to Wilsons Land was begun by the Horseshoe, where the beer was quite reasonable, but far too cold, Jir droppe his beer and had the cheek to blame a slippery glass: Finally the crawl returned to Stockport Road and the home rund First on the straight was the Levenshulme, $a$, run of the rill bitter only pub, managed by the ubiquitous Host grong. Next came another Host house, the Pack Zorsa, agoin Bitter ondy where the any interesting feature was the glasses. \& great pity the bitter was'nt as interesting as the elasses: Only three to go fron hore, the firtst being the Union, a Boddies house where
the bitter acheived a spread of opinion ranging from excellent to little better than undrinkable. The prevailing opinion seomed to lean to the former. Our zenultanate port of call was the Fermers fros whene handpumped Chesters (I tnink) was available, Doubt was expressed over the quathty of the beer, and Rins lest most of his piat undrunk! The ultimete destination was ultimate in more ways than one: The Midway is a recsrat 'conversion: by Fosts. The Beer was extremely poor, there were unwashed glasses evergwhere, and the put wes pacied to the doon, Perhaps the plico is best stumed up by a jiti, comario obsorved by us:

## P II B GRUB.

This Month features a pub in a more out of the way area - the Travellers Call on Ashton Old Road. Previously run-down and even closed for a time, this had now been converted into a comfortable, thriving free house serving Boddies \& Thwaites beers on excellent form (the Thwaites Bitter was particularly good on my visit). This is a heavily pubbed area so it was quite a gamble to take on the pub but is certainly seems to have paid off with a good trade at lunchtimes and at night (quite an acheivement these days).

Also unusual, and again enterprising, is that food is available early evening frou 5.30 - 9 pm as well as lunchtimes.

The menu consists of a wide variety of set dishes ranging from sandwiches to dishes like Cumberland sausages \& Pork chop or Gammon \& Pineapple at about £2. 20 each. In addition each day sees about 4 specials, one usually being home made soup (eg potato \& leek), and the others more substantial including, on my visit, meat \& potato pie, steak \& onions in beer, and tandoori chicken, all accompanied by chips, vegetables (not שanned) and salads as appropriate. The main specials were fl 1.75 each \& I chose the steak \& onions in beer which turned out to be excellent. The steak was surprisingly tender \& the sauce, a although thin, was really tasty. The chips looked hone made \& the vegetables (peas \& carrots) were the best I've had in a pub gor a long time (they actually tasted of something!) Portions are generous but if you are a real pig there's gateau \& cheesecake to finish of with.

Definately worth a visit. If you are in Manchester and want somewhere a bit

## BURTONWOOD KEG KAPERS

A recent 'What's Doing' mentioned that the handpumps at Wigans' Royal Oak were not dispensing cask conditioned ale.
Another sneaky trick from Burtonwood has now come to light, in the Black Lion at Llanfaethlen, Anglesey (a GBG Pub). The pump clips on both Mild \& Bitter pumps say 'cask-conditioned', but the mild is not. (the price list gives a clur, they're both 70p). The mild is surprisingly palatable (probably because the CO2 pressure is kept very low) but apart from being completely misleading for unsuspecting drinkers, it is a blatant breach of Trade Descriptions. This was poiitely pointed out to the Licensee - sticky tape over 'Cask Conditioned' was suggested as a temporary measure, but so far no action变䍐s been taken.
The Waldorf in Manchester Centre is at present undergoing extensive alterations which have involved the demolition of the entire front of the pub. Having failed to find a purchaser, Whitbreads have decided that drastic action is necessary to make the pub pay although it remains to be seen whether this includes keeping any of the previous characer \& traditional beer. Watch this space for a further report after re-opening.
